

APPENDIX 28 (CBT LAND NAVIGATION) TO ANNEX G (COMMITTEE TRAINING) TO
CST OPORD 04-01

References:

- a. Map: Series V8215, West Point and Vicinity, 1:50,000.
- b. DMI OPORD: CST 04

Time Zone Used Throughout the Order: Local.

Task Organization: (See TAB A (Committee Organization Chart))

1. SITUATION.

- a. Enemy Forces: See base order.
- b. Friendly Forces: See base order. The Cadet Basic Training Regiment consists of eight companies; four platoons per company; four squads per platoon; with a planning factor of 10 cadets per squad.
- c. Attachments: Medic team OPCON to CBT Land Navigation Site.

2. MISSION. The CBT Land Navigation Committee conducts land navigation training and testing during CBT 04 LN I, to inspire and train new cadets in basic land navigation, and to inspire and sharpen the leadership and land navigation skills of the 1st and 2nd class cadets.

3. EXECUTION.

Intent. Provide quality day land navigation instruction in order to give new cadets a sound foundation to continue to improve their land navigation skills during the remainder of their 47-month experience. This training differs from the CFT LN1 training in that the New Cadets will execute in buddy-teams, and will only train on daytime tasks.

I expect the...

Committee members to be:

- Professional
- Subject matter experts
- Master trainers

Cadets to be (at the conclusion of training):

- Inspired; increased desire to serve in our Army
- Technically sound on how to use a compass and map

Committee Site to be:

- Professional in appearance
- All training materials to be doctrinally accurate and professional in appearance

a. Concept of the Operation: Phase I: Preparation will begin upon receipt of OPORD and end on 5 JUL 04. During Phase I, OIC and TF will identify all personnel & equipment required to conduct the mission successfully and prepare instructional materials. Phase II-A: Site Establishment will begin the morning of 6 JUL 04 with OIC and TF equipment draw, and end with the final validation on 9 JUL 04. Phase II-B: Leader Training Program execution begins with the arrival of the first company on 12 JUL 04, and ends with the last company trained on 15 JUL 04. Phase II-C: Execution begins with the arrival of the first company on 4 AUG 04, and ends with the last company departure on 8 AUG 04. Phase III: Recovery begins with the departure of the last company on 8 AUG 04, and ends with the completion of the site recovery and range clearance, equipment turn-in, the AAR process, and the turn-in of any work orders needed to improve the range.

(1) Scheme of Maneuver: The CBT Land Navigation Site at LN 1 executes operations in support of CBT for eight days—four days during LTP, and four days during execution. During LTP, Two company's worth of cadre will train each day (plan on 25-30 cadet cadre per company). Once a company arrives at our site, we will brief them on the task/conditions/standards for the training, give them the safety brief, and begin training according to the following schedule:

0630-0700: First Company of the day Arrives
0700-0930: Instruction (Prerequisite Land Navigation Classes)
0930-1300: Lane Execution (Cadets will eat MRE lunch when idle)
1230-1300: Second Company of the day Arrives, First Company departs
1300-1500: Instruction (Prerequisite Land Navigation Classes)
1500-1900: Lane Execution (Cadets will eat MRE lunch when idle)
1900-UTC: Second Company departs LN1

The cadet platoon leaders and platoon sergeants will act as course safeties to enhance site command and control.

(2) Fires: N/ A

(3) Engineering: N/A

b. Tasks to Subordinate Units

(1) TF Cadre

(a) Responsible for the preparation and execution of all training of the CBT Land Navigation Committee. Includes, but not limited to, site maintenance, leader training (TF internal), identifying needed resources, site in-brief, and lane walkers. This training differs from CFT LN1 training in that there is no night training, and the cadets are executing in buddy-teams. CBT LN will train tasks 1-5, versus tasks 1-6 at CFT.

(b) Given the CBT Land Navigation Committee Organization Chart (Tab A), develop an internal plan to meet all training objectives and man key slots.

(c) Uniform. The uniform for Phase II-B and II-C is field uniform w/Kevlar, LBE, (no pro- masks). During other phases, the patrol cap may be worn.
